

Academic Board Resolutions on Selection

School of Enterprise

Specialist Certificate in Clinical Research (Informatics and Analysis)

- 1 The Selection Committee will evaluate the applicant's ability successfully to pursue the course using the following criteria:
 - an appropriate undergraduate degree or equivalent qualification in medicine, an allied health profession, science or social science; and
 - one year of documented relevant professional work experience in a medical, scientific or allied health environment.

- 2 The Selection Committee may conduct interviews or tests and may call for portfolios of work, referee reports or employer references to elucidate any of the matters referred to above.
