

Intensive Languages

Horwood Language Centre offers the following intensive language subjects to students during the Summer Semester:

- French
- German
- Italian (*not offered in 2004*)
- Spanish

The subjects are at beginners level and are taught intensively over six and a half weeks of full-time study. They are suitable for students who have little or no knowledge of the language.

An intensive beginners language subject may be taken at first year for 37.5 credit points towards the BA degree.

In some circumstances, completion of an intensive language subject can enable a student to undertake that language at a higher level. However, students must consult with the relevant department for further details.

All intensive languages are quota restricted. Students must submit an application for entry to the Horwood Language Centre by 31 October. Application forms are available at the centre.

Strict enrolment deadlines apply to subjects taught during the Summer Semester. Any enrolment in, or withdrawal from, these subjects must be made in line with HECS census dates, see page 8.
