- Services for students include: Academic Skills, Examination and Language Services, Counselling and Psychological Services, Disability Liaison, Financial Aid, International Student Services, Student Connect (transition support services), and Student Housing.

STUDENT SERVICES

The University of Melbourne is committed to excellence in teaching and research. We pride ourselves on providing a supportive environment for our students, and we are constantly striving to improve the quality of our teaching and research programs.

The Melbourne Global Mobility programme enables students to undertake research in Australia, after the CSIRO. The CSIRO is the largest Commonwealth research agency in Australia, after the University of Melbourne.

Academic work and study are inextricably linked at the School of Medicine, where students are encouraged to develop their research skills and become independent thinkers.

Our students have access to some of the best research facilities in the world. We offer a wide range of courses, from basic science to clinical medicine, and we are constantly striving to improve the quality of our teaching and research programs.

The University of Melbourne is a leader in education and research, and we are committed to providing our students with the best possible learning experience. We offer a wide range of courses, from basic science to clinical medicine, and we are constantly striving to improve the quality of our teaching and research programs.

PARKVILLE CAMPUS

The University of Melbourne’s heart is in Parkville, where our main campus has been located since 1853. Only a few minutes from the centre of Melbourne, the University’s Parkville Campus is an oasis of calm amid the hustle and bustle of one of the most dynamic cities in the world.

In Parkville, you will find a range of fascinating programmes and facilities, from academic programs in music, art, and dance, to the History of Science and Technology Program, which is based in the Old Quadrangle Building.

The University’s Department of Music offers a wide range of courses, from classical music to contemporary music, and provides students with the opportunity to develop their skills and become independent thinkers.

The University of Melbourne also offers access to some of the best research facilities in the world. We offer a wide range of courses, from basic science to clinical medicine, and we are constantly striving to improve the quality of our teaching and research programs.
