C. This University Trust Record is the means by which the University Records:

   (1) The trusts upon which the University holds trust property; and

   (2) the administrative arrangements for the implementation and ongoing performance of these trusts from time to time

Trust Terms

1. The sum of $124,750 and any accumulations and additions to the sum forms a fund called the ‘Eileen Mary Harris Fund’ (‘the fund’) and the fund must be paid into an investment pool and remain there until Council directs otherwise.

Administrative Arrangements

In order to implement the trust terms, the University has determined that:

1. The net annual income of the fund is to be used to provide one or more scholarships, each to be called ‘The Eileen Mary Harris Scholarship’ (‘the scholarship’) for study and research in agriculture, and each scholarship is open for award to both undergraduate and postgraduate students of the University. The Dean of Veterinary and Agricultural Sciences is authorised by the University to award each scholarship and allocation of funds.

2. Income from the Eileen Mary Harris Fund may also be used in accord with the provisions of her will, viz "extension and publication in agriculture", as determined by the Dean of Veterinary and Agricultural Sciences.
3. **Allocations from the fund must support the dissemination of information arising from study and research undertaken by recipients and to assist such recipients to publish their theses or related materials arising from their study and/or research.**
