### Important notes about the Schedule

- Bachelor and Master degree students, please see notes 1 to 3.
  - Doctoral students, please see notes 3 and 4.
1. The schedule shown for the 2012 degree conferring ceremonies was correct as at 11 May 2012.
  2. Bachelor and Master degree students who are due to graduate will receive a graduation invitation via email and standard mail as per this schedule:

Graduation Round	Invitations sent
March	late January
May	late March
July	late May
August	late May
December	mid October

3. Please ensure that any arrangements (e.g. travel bookings) that you and/or your family and friends make to attend your conferring ceremony are flexible. The University is unable to provide reimbursement for travel etc. costs associated with attending conferring ceremonies.
4. Doctoral degree students are included in all the ceremonies listed. When doctoral degree students complete their degree, they will receive a letter that outlines,
  - a. which of the ceremonies still have places available for doctoral students,
  - b. and of these, how to advise us of the ceremonies they would prefer to attend.

Doctoral students are asked to submit the form accompanying their letter as soon as possible, as this increases their chance of being allocated to the ceremony of their first choice (places are allocated strictly in the order that doctoral students' forms are received).
