

UTR6.169 - THE EUGEN SINGER AWARD

Recitals-

- A. Mrs Josephine Singer donated to the University the sum of \$100,000 to endow an award in commemoration of her late husband Eugen Singer who distinguished himself during his lifetime as a chemical engineer working in the field of precision engineering associated with the production and processing of polymers.
- B. The donor stipulated that the sum be invested in real estate or real securities and the net annual income derived therefrom be awarded to a graduate or undergraduate student of proven scholastic ability undertaking studies in the field of polymers who demonstrates need.
- C. The sum of \$100,000 remained \$100,000 at 31 December 1994.

It is provided as follows-

- 1. The sum of \$100,000 and any accumulation and additions to the sum forms a fund called the "Eugen Singer Fund" ("the fund") and the fund must be invested in real estate or real securities as the Council from time to time directs.
- 2. (1) The net annual income of the fund is used to provide an award called "The Eugen Singer Award" which is open for award annually to an undergraduate or postgraduate student engaged in the study of polymers including their production and processing.

(2) Candidates who are of proven academic ability and who demonstrate need are eligible for the award.
- 3. The award is made by the Council on the recommendation of a committee constituted from time to time by the Council and of which the donor is, during her lifetime, a member.
- 4. If in any year there is no candidate for the award, or the committee recommends that no award be made, the Council may, on the recommendation of the committee, make in the following or a later year an additional award of the value of the net annual income of the fund in the year in which no award was made.

[Revoked as a Regulation and certified as a University trust record 26/5/10]
