- A. Ms. Joyce Melrose Crickmer, late of 4 Karana Place, Glen Iris, in the State of Victoria, who died on 9 November 1995, bequeathed one-sixth of her residuary estate-

‘to the **UNIVERSITY OF MELBOURNE DEPARTMENT OF OTOLARYNGOLOGY** for the specific purpose of a **COCCYLEA [sic] IMPLANT** for a young child who could be helped to live a normal life but cannot afford to pay for it and the balance is to be used for research into Nerve Deafness;’.

- B. The University has received \$50,681 in satisfaction of the bequest and the Registrar has directed that a new fund be established.

It is provided as follows-

2. Such part of the capital, as may be necessary, is to be applied by Council on the recommendation of the dean of the faculty of Medicine, Dentistry and Health Sciences (‘the dean’) to providing a cochlear implant to a young child in impecunious circumstances who could benefit from such an implant.
3. The net annual income of the balance of the bequest after providing for the purpose provided in section 2 is to be applied by Council on the recommendation of the dean for research into nerve deafness provided that Council, on the recommendation of the dean, may direct that the capital in whole or in part be so applied.
4. Before making any recommendation concerning the fund the dean must first consult the head of the Department of Otolaryngology.
