B. The University received the sum of $35,000 in 1995 and a total of $200,000 by July 1998.

It is provided as follows-

1. The sum of $200,000 and any additions and accumulations to the sum forms a fund called 'The Nancy Frances Curry Scholarship' ('the fund') and must be paid into an investment pool and remain there until the Council directs otherwise.

2. Subject to section 4, the net annual income of the fund is to be used to provide one or more scholarships, from time to time, each to be called 'The Nancy Frances Curry Scholarship' ('the scholarship') for research into issues related to Motor Neurone Disease, and each scholarship is open for award to suitably qualified postgraduate students of the University.

3. Each scholarship is to be awarded by the Council on the recommendation of a committee which it is to appoint from time to time on the joint recommendation of the deans of the faculties of Medicine, Dentistry and Health Sciences and Science. The terms and conditions applicable to the award of each scholarship are to be determined from time to time by the Council on the recommendation of the Committee but no scholarship is to be awarded in the first instance for more than two years.
