

UTR6.29 JOHN BAIRD BURSARY

Recitals-

- A. In 1913, Mrs. Jessie Alexander Baird Currie of Malvern in the State of Victoria ('donor') presented to the University the sum of £600 for the purpose of founding a bursary in memory of her late brother John Baird Esquire of Bendigo such bursary 'to be in aid of a student in medicine' at the University.
- B. The donor expressed the desire that in making the award the financial position of the student should be taken into account so that the bursary may assist a student who would otherwise be deprived of all the advantages of university training.

It is provided as follows-

- 1. The sum of £600 ('capital sum'), all income arising from the capital sum, and any accumulations or additions thereto together form a fund called the 'John Baird Bursary' ('fund') and the fund must be paid into one or more investment common funds and remain there until Council directs otherwise.
- 2. The ordinary tenure of the bursary is the duration of the course for the degree of doctor of Medicine, but the tenure may be extended for a further period not exceeding one year if the dean of the faculty of Medicine, Dentistry and Health Sciences ('dean') thinks fit.
- 3. If the bursary is awarded to a candidate who has already completed part of the course for the degree of doctor of Medicine, the tenure terminates when the bursary-winner completes that course, but it must in no case exceed one year more than is required by the University for the purpose.
- 4. The bursary is to be awarded by the dean following consultation with the administrative unit responsible for student financial aid matters.
- 5. The dean is authorised to award the bursary on behalf of the University.
