

## **UTR7.86 - THE F. GORDON ELFORD FUND**

### **Recitals-**

- A. Following an appeal by the University in December 1970, \$1,930 was presented to the University by the widow and by friends of the late Francis Gordon Elford, formerly secretary of the then faculty of Medicine and other technical faculties, and at the time of his death, in June 1970, Deputy Registrar of the University, who throughout his career gave valuable guidance, encouragement and assistance to students in such technical faculties, for the purpose of providing a fund from which immediate financial aid may be given to students.

It is provided as follows-

1. The sum of \$1, 930 ('capital sum'), all income arising from the capital sum, and any accumulations and additions thereto together form a fund called 'The F. Gordon Elford Fund' ('fund'), which must be paid into one or more investment common funds and remain there until Council directs otherwise.
2. The fund is administered by the committee responsible for student loans and grants ('committee').
3. The committee may, from the net annual income of the fund, make grants to students in financial need if it is of the opinion that the studies of the successful applicant may be jeopardised unless they receive immediate financial assistance.
4. Applications for grants are received from students enrolled for courses in faculties responsible for teaching architecture, engineering, medicine, science, veterinary science, agricultural science or related disciplines.
5. The chair of the committee, on resolution of the committee, is responsible for approving expenditure from the fund.
